FRAMES N PANES ANNOUNCES FIRST FRANCHISE SALE IN THE U.S.

VICTORIA, British Columbia and SEDALIA, Mo., April 26, 2010 - Frames N Panes, the home-based mobile franchise bringing its revolutionary new repair process to home and business owners, enabling them to restore, instead of replace, window frames, panes and screens, today announced that it has sold its first franchise in the United States, located in Sedalia, Missouri. David Ballard is the franchise owner.

"David is a great asset to our team, and we are very pleased to welcome him as our first U.S. franchisee," said Cory Kohlman, founder and president of Frames N Panes. "He has built a successful insulation and fireplace business over the past 10 years, and has established a solid reputation in his community and surrounding areas. We look forward to working with David to grow his business and expand our presence throughout the country."

"Becoming a Frames N Panes franchisee makes business sense because it is important to diversity in this economy and I wanted to add to the range of services I already provide," Ballard said. "I offer people opportunities to make affordable improvements to their homes and businesses that can help reduce their energy costs year after year, and the Frames N Panes repair, restoration and scratch removal services are an ideal fit."

About Frames N Panes

Don't Replace it! Restore it! Our revolutionary PVC frame repair service returns frames to factory condition, our dual-pane moisture removal process significantly reduces healing time, and our scratch removal system works on glass, acrylic, and plastic. Headquartered in Victoria, British Columbia, we are a low cost, home-based mobile franchise that solves window frame, pane or screen problems correctly the first time.
